RESPONSE TO NOTICE TO FILE CORRECTED APPLICATION PAPERS

Honorable Director  
of Patents and Trademarks  
Washington, D.C. 20231

Dear Sir:

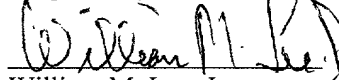

In response to the notice mailed December 19, 2001, submitted herewith are pages 30 - 36 of the specification, which should be properly scanable.

Regarding the drawings, the requirement is not understood. Obviously, the drawings were informal, but that is permitted. The drawings were produced on proper paper, and in case the Patent and Trademark Office has somehow marred the drawings, an additional set of drawings is also submitted herewith.

It would appreciated, if there are any further requirements, that a telephone call be placed to  
the undersigned.

January 3, 2002

Respectfully submitted,

William M. Lee, Jr.
